SUMMARY

Generative AI Engineer with 1.5+ years of experience building autonomous multi-agent systems, complex RAG pipelines, and agentic workflows. Specialized in AI architecture, LLM orchestration, and deploying self-healing agents utilizing Python, LangGraph, N8N, and Azure AI Foundry.

EXPERIENCE

AI Engineer – Architecture Services

Jan 2025 – Present

Xceedance Consulting India Private Limited

Noida, UP

- Drove architecture for a **12-member GenAI initiative**, defining roadmaps and collaborating with VPs and Architects on technology choices, model scalability, and enterprise API integrations.
- Architected **autonomous and agentic AI systems** for enterprise workflows, designing reusable agents, orchestration patterns, tool integrations, and complex decision-making workflows.
- Designed **LLM-powered solutions** using **RAG, embeddings, and prompt chaining**, integrating OpenAI, Anthropic Claude, and Azure AI services.
- Developed **full-stack AI applications** using **Python, C#, .NET, Angular, TypeScript, and Azure**, seamlessly embedding AI capabilities into enterprise business workflows.

SDE Intern

Jun 2023 – Jul 2023

Bright Hint Private Limited (Certificate)

Meerut

- Developed responsive and interactive **React.js** interfaces, collaborating with backend teams to integrate frontend components and improve overall application usability.

PROJECTS

Autonomous ReAct Agent Framework

LangGraph, MS Agentic Framework, Python, ACI

- Architected a **self-healing, zero-intervention agentic system** utilizing ReAct architecture, dynamically orchestrating a crew of configurable runtime personas (Planner, Orchestrator, Executor).
- Engineered secure, environment-agnostic task execution utilizing **Azure Container Instances (ACI)** as sandboxes for automated decision-making and action deployment.

AIxITOPS – Autonomous Multi-Agent AI Platform (Live)

Agentic AI, N8N, RAG, MCP, Azure DevOps

- Architected a **production autonomous multi-agent platform** for IT operations, dynamically routing Azure DevOps tickets to specialized agents via an orchestrator to automate updates.
- Designed a **RAG pipeline exposed through MCP**, using embeddings and Cosmos DB historical data to provide contextual knowledge and improve response grounding.

AI-DLC – AI-Driven SDLC Automation Platform (Live)

.NET 8, Angular 20, Azure, LLMs, AI Agents

- Architected an **AI-driven SDLC automation platform** using LLMs and agentic workflows to automate software engineering activities from **Requirements to Deployment**.
- Designed interconnected AI workflows using **prompt chaining, Response API, and AI agents**, enabling inter-phase communication and reducing generation time by **70%**.

DC Rate Load Configurator – GenAI & Insurance (Live)

Angular 20, .NET 8, Azure Functions, OpenAI

- Built a **GenAI-powered insurance platform** using Azure OpenAI and .NET 8 Azure Functions to analyze Excel sheets and classify columns into context-aware roles.

TECHNICAL SKILLS

AI / GenAI	LLMs, Generative AI, AI Agents, Agentic AI, Autonomous Agents, Multi-Agent Systems, RAG
AI Platforms	LangChain, LangGraph, LangFuse, n8n, MCP, OpenAI, Anthropic Claude, Azure AI Foundry
Languages	C++, C#, Python, JavaScript, TypeScript, HTML, CSS
Backend & APIs	.NET (Azure Function, Web API, MVC), FastAPI, REST APIs, SQL Server
Frontend	Angular, React.js, Tailwind CSS, Bootstrap, UI/UX Designing
Cloud & Tools	Microsoft Azure, Cosmos DB, Git, GitHub, Visual Studio, VS Code, GitHub Copilot, Windsurf

EDUCATION

B.Tech. in Computer Science and Engineering, Harcourt Butler Technical University [**HBTI**]

2021 – 2025

ACHIEVEMENTS

- Secured **Global Rank 214** among 27,000+ participants in CodeChef Starters 140 (Division 3).
- Solved **500+ DSA problems** Grand Master league on Coding Ninjas; active on GeeksforGeeks and LeetCode ([Profile](#)).
- Served Student Head of Training & Placement, leading recruitment initiatives and collaborating with HR teams ([Link](#)).
- Received the **SPOT Award** and a **Bravo Certificate** for outstanding performance at Xceedance ([Link](#)).
